Each building permit will be issued only after the appropriate zoning permit is issued by Oneida County. The City takes no responsibility for zoning issues, including but not limited to, use issues, setback issues, square footage issues, and determination of wetlands and high-water marks for the purposes of establishing setbacks. The City of Rhinelander is only taking responsibility for building code inspections. All zoning and use issues are the responsibility of the Oneida County Zoning Department

Permits can be applied for online at:

www.rhinelandercityhall.org

Found on Inspection/Zoning
Department page, under Township
Permits
